Learning Academy

Learning Academy Philosophy

We strive to teach the thrill of learning!

We believe that everyBODY should have the opportunity to be the best they can be.

**We provide an environment that develops the whole child:
body, mind, and spirit.**

More than just ABCs and 123s, the Learning Academy welcomes all potty-trained three to five-year-old children. The Great Falls Gymnastics Learning Academy offers more than any other preschool in Great Falls!

Our unsurpassed curriculum intertwines the social, physical, and mental development of our students with our warm, child-centered environment.

Every child at the Academy receives age-appropriate information and skill introduction, such as letter names and sounds, counting, appropriate classroom behavior, introductory science, and much, much more!

We know how important movement and physical activity is to the developing brain.

All of our students participate in daily, age appropriate gymnastics!
